

Nebraska Dyslexia Association Tutor List

The following is a list of NDA members who have agreed to support individuals in our state who have had difficulties in reading and who may or may not be dyslexic. The Nebraska Dyslexia Association does not recommend or endorse any one individual or business, but provides this list as a service to those who are seeking more information or tutoring. For an additional list of tutors who are not NDA members, please contact Gwelda Carlson at gjcarlson@windstream.net.

FixLexia (Professional Member)

FixLexia offers both clinical evaluation and intervention. Therefore, if clients meet clinical criteria, our evaluators can diagnose language and literacy disorders. Screenings and evaluations are available to students ages 4-18. With a completed intake form, FixLexia offers a complimentary 30-min phone consultation.

FixLexia is a Nebraska Department of Education (Special Education) Service Provider (ID 952237). As an approved special education provider, FixLexia offers teacher training and consultative services. Our Reading Interventions are trained in various structured literacy programs, allowing the flexibility to create individualized intervention plans with monthly goals so parents can track their child's progress each month.
